Pav, I am so sorry you had to face that awfulness, although I know that it is not the first time you faced such abuse. I get pissed off when people say that these protesters are "good, patriotic Canadians."

Let us keep our chins up. (What other choice do we have?)

Be good, brother.

Greg

Objet : Thank You!

Wanted to email you and say thank you for your incredible statement in the House today.

Yesterday I was walking along Sparks to get my new work ID's, and someone from a group of protestors called me a 'fucking immigrant'.

Your words meant a lot to staff and others, and I just wanted you to know that.
